

RPM, Speed and Rate

Tachometers and Stroboscopes (100% Duty Cycle)

ESL-10 and ESL-20 LED Stroboscopes No heat generation and zero drift over time

Specifications	ESL-10	ESL-20
	Compact Mini	Enhanced Brightness
Flash Range	6.0 ~ 120,000 flashes/min (RPM)	
Flash Control	Pushbutton with X2 and ÷2 for easy and precise adjustment	
External Trigger	Input and output	
Phase Shift	359° digital adjustment in 1° increments	
Lamp	LED solid state light source (never needs replacement)	
Display	5 digit LCD (12mm high)	
Power	6pcs AA Batteries	Rechargeable NiMH battery
Dimensions	143 x 55 x 28mm - 400grams	192 x 77 x 34mm - 540grams

EHT-500 Precision Low Range Tachometer

Specifications	EHT-500
Range	0.4 ~ 20000 RPM
Accuracy	±0.007%+1dgt
Display	5 digit LCD
Measuring units	RPM, FPM, IPM, MPM, YPM, CPM Inches, Yards, Feet, Metres, Centimetre Total Revolutions
Memory	Maximum, Minimum and Average Readings
Accessories	Carry case, batteries and rubber cone set
Options - 12W	12" Wheel for surface speed and length measurements

With optional 12" wheel

WRS-2238A Digital Laser Non-contact / Contact Tachometer

Specifications	WRS-2238A Basic
Range (optical)	2.5 ~ 99999 RPM
Range (contact)	0.5 ~ 19999 RPM 0.05 ~ 1999,9 m/min
Accuracy	±0.05%+1dgt
Display	5 digit LCD
Measuring Distance	50 to 500mm (up to 2m depending on conditions)
Memory	Maximum, Minimum and Last Reading
Accessories	Carry case, batteries, reflective tape and contact adapter kit (surface wheel, rubber cone and funnel)

ST-723 Mini Digital Laser Non-contact / Contact Tachometer

Specifications	ST-723 Mini
Range (optical)	6.0 ~ 99999 RPM
Range (contact)	6.0 ~ 19999 RPM 0.6 ~ 2500.0 m/min
Other Functions	Yard/min, inch/min, feet/min, Length count (m), Total revolutions
Accuracy	±0.01% to 0.05%+1dgt (range dependant)
Display	5 digit LCD
Measuring Distance	50 to 1000mm (up to 2m depending on conditions)
Memory	Maximum, Minimum and Average
Accessories	Carry case, batteries, reflective tape and contact adapter kit (surface wheel, rubber cone and funnel)
