

## WRS-6701 Sound Level Meter (IEC651 Type 2)

with RS232 and Data Logging

### Features:

- LCD digital display
- Analog bar indicator
- Wide dynamic range
- Auto/Manual range
- Fast (0.125s) / Slow (1s) response selectable
- MAX value hold function
- A/C weighting selection
- Date and time display
- AC/DC auxiliary output
- Memory function
- RS232C interface
- Computer record graph software
- Backlight
- Low power indication

### Specification:

- Measurement range: 30dB ~ 130dB
- Accuracy:  $\pm 1.5$ dB
- Resolution: 0.1dB
- Display: 3 1/2 digits
- Sample rate: 2 times/s
- Frequency range: 30Hz ~ 8KHz
- Memory function 16000 records
- Over range indication: "UNDER" or "OVER"
- Auxiliary output:
  - AC 0.707 Vrms at full range, impedance 600 $\Omega$
  - DC 10mV/dB, impedance 100 $\Omega$
- Battery voltage: 4X1.5VAA

c/w case, software, PC cable, batteries and output plug
